

# Fines and Replacement Costs Policy

Scope of Policy			
<i>Scope:</i>	Fines and Replacement Costs for Library Materials	<i>Effective Date:</i>	6/8/2020

## Provisions

Our Library holds Intellectual Freedom, Privacy, and Equity as our Guiding Principles. To ensure the free and open exchange of ideas and equitable access to all our citizens, the Marion Public Library does not charge overdue fines on library materials. The Board of Trustees empowers library staff to set clear procedures, send regular reminders, and create a sense of belonging and commitment with our patrons to ensure materials are used by our community and returned in a timely manner. The library will charge patrons for items not returned and to recover the cost of processing.

The library will charge fees as an economic disincentive to waste or to recover the cost of certain, targeted services. On occasion, the library will charge for extraordinary or specialized services to raise revenue that supports foundational services.

Proposed Borrowing Timeline

- Items can be returned within six months without penalty but accounts with lost items will be blocked from checking out more materials until items are returned or paid for.
- Renewals can extend the amount of time the patron has with the item without it being considered overdue.
- Patrons will still be able to access computers with a blocked card.
- If lost items amount to \$50 or more, the patron’s account will be referred to a collection agency six months after the due date. An additional \$10 processing fee will be added to the account and will need to be paid even if materials are returned.
